John Britzman at 406-263-1147**

I've been involved with angus cattle since Dad bought a bull from Don Shipp in about 1958. I used to ride him around the corral.

I went through all the Continental fads of the 70's and A.I.ed to several breeds for a while - but finally came back to black angus. WHY? Because they were the most efficient and trouble free.

And when I decided to go registered I asked around about which registered cattle best fit that description and our environment - and the answer from several were some of the old herd sires and blood lines from such herds as Wye, Ohlde, Shoshone, Cole Creek, Diamond D Angus & Whitney Creek Angus.

So that is the direction we took on building the cow herd. And as I got older, I worked more on cows that calved on their own, were quiet to handle (can't outrun those mad mama's anymore), and brought in a nice calf every year (doesn't have to be a 700lber - just a nice calf). Most these old girls will lick you to death, looking to see if you have any cake. They're good cows - I'm just too crippled to keep up.

~ Dick

Note: All cows selling are registered and were pasture bred to Sire Group B25:
LBB Rito Nash Reg. AAA 21094708
Juanada Rain 18 Reg. AAA 20174497
Both bulls have DNA on file.

The 2-year-old heifers were not Bangs vaccinated.
A couple more of the older cows have lost vaccination tags and will be ID'd before they sell. Cows will be Preg Tested at the Stockyards!
