

38TH ANNUAL PRODUCTION SALE

North Country

"PERFORMANCE TO PROFIT"

APRIL 23, 2026

Glasgow, MT Stockyards at 1pm (MST)

OFFERING BULLS PACKED WITH MATERNAL TRAITS & BACKED BY PERFORMANCE

W E L C O M E

Hello from the North Bench,

Well it's sale time again folks. We're happy to be here and extremely happy to be in the livestock industry with you. It's our 9th year with the sale, the cows 38th year. We still have several of the original cows we bought from Jim and Darlene Fossum in 2018. It feels like Doug and I are figuring out what is working for our operation and we haven't made any big changes for a couple seasons now. Change certainly can be good but it was starting to feel like we never did the same thing twice and that can challenge the growth of an operation. Today, it feels like we're growing in the right direction, and we thank our dedicated customers for their assistance in that!

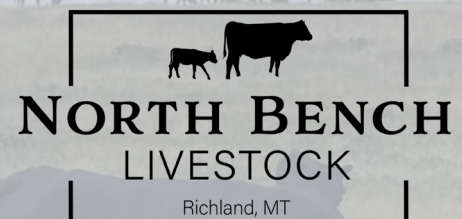

We did decide to change a few things on sale day though. HA! North Bench bulls will be sold in sire groups, or similar sire groups as they are listed here in the catalog. You will find 17 sires in this offering, let me explain a bit. Doug and I sit down with our entire cow list every year before breeding season, we decide who will go through AI protocol and assign them an AI sire from our tank that we feel best compliments her traits. Many of our matings, we're hoping we get a heifer, but next best is our customers get a solid bull from industry leading genetics. The kids also get to choose who they breed their cows too... be sure to check out 5027, 5063, and 5105. We choose our herd bulls from reputable producers that have cow herds with similar goals. We look for outcross genetics, calving ease, good temperament, and strong maternal traits.

If you can't join us in Glasgow on Thursday, or able to view the bulls at the stockyard Tuesday or Wednesday before the sale, we added DVAuction service option to sale day. Videos will be posted on DV Auction website. North Bench bulls and MY Angus bulls can always be viewed at Hould's Bull Development in Malta (5867 Hwy 363).

Thank you to our customers, family, friends, and business partners, many of you are one in the same. Your continued faith in the livestock industry and the trust you show us to help get you there means everything. Thank you to Hould's, many of us seedstock producers would be lost without them and their skill sets. Thank you Glasgow Stockyard for always being so easy to work with and providing a safe and successful sale, year after year. We look forward to seeing you on sale day, on the road, or in the bleachers. Cheers to another great year in the cattle business!

God Bless,

Doug, Jody, Lana, Sheila and Orrin

Find us on  

Hello Everyone,

I would like to welcome you all to this year's North Country Production Sale. It's an honor to be a part of a long standing sale like this and I am thankful Doug and Jody asked me to join. It's crazy this is the 3rd year already of bringing bulls to Glasgow, but as they say time flies when you are having fun! It's amazing how fast it goes now that we have 2 kids that are always on the move.

As I am writing this, here in the Bear Paw Mountains, old man winter hasn't shown up quite yet. It is February 12, I am calving cows outside, kicking pairs out when they are just a few hours old and calmly wondering how long until he shows up in full force. I feel like some moisture would be a welcome sight, but don't think we need any crazy cold temperatures, I feel that it is definitely coming at some point.

This year in the offering we have 23 bulls and 80 heifers that will be selling sale day. I always say "if we wouldn't use them I won't sell them" and that continues to be my business model. We use these same genetics in our herd and really believe what we are selling.

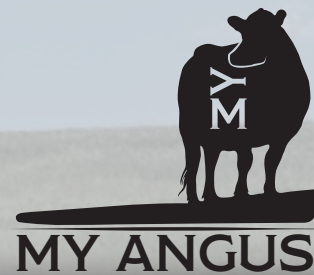

The heifer calves dad and I kept out of our commercial herd and would make someone a fantastic set of cows.

Well I have made everyone read about enough I suppose. We really appreciate all the support over the last couple years and the new friendships we have made. If you have any questions, please don't hesitate to reach out to Devyn or myself about our bulls or reach out to Doug and Jody about theirs.

We stand behind our bulls and if you have any problems please be sure and let us know.

See ya sale day!

Merle, Devyn, Kinley and Spencer Young

Merle Young: 406-357-8783

SALE INFORMATION

Terms and Conditions

All cattle sell under the suggested terms and conditions of the American Angus Association. If you are not able to view the bulls before the sale day, we will provide a site unseen guarantee. Call for more details. Announcements made the day of the sale take precedence over all the printed information.

Liability

All persons attending the sale do so at their own risk, legal, or otherwise for their own safety or the behavior of the animals. The owner's assume no liability for property loss or any accidents that may occur.

Health

All cattle and calves in the North Bench Livestock and MY Angus herds are administered complete vaccine programs since birth under the guidance of local, licensed veterinarians.

Fertility & Ultrasound

Fertility testing completed by Brock Aiton, DVM of Aiton Veterinary Service PLLC.

First Breeding Soundness Guarantee

All bulls will be covered by either North Bench Livestock (NBL) or MY Angus if they are injured during their first breeding season. Breeding season is defined as a 60 day period following first day bull(s) is turned out. All injured bulls must be documented by a veterinarian and/or with the producer (NBL or MY Angus). Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 30, 2026. North Bench Livestock and MY Angus promises to work with each and every producer to guarantee appropriate compensation in a timely manner when communicated.

Delivery

Free delivery of bulls in a 500 mile radius. \$100 off if you haul your own on sale day.

Bidding

If you are unable to attend the sale and would like to place a bid, please contact the Glasgow Stockyards, one of the ring men, or the sale day contacts. We would be happy to place your bid for you as we have done in the past. This sale will also be available on dvauction.com. You will be able to place your bids online or by telephone. Please sign up at dvauction.com to view and/or bid.

Thank You!

- Hould Bull Development Center for their professional care and attention to growing and finishing these bulls.
- Bree Swanson for a fantastic working relationship to ensure our consumer is fully informed on what the North Country Bull Sale has to offer.
- Glasgow Stockyard Inc. for helping make sure our sale day is safe and successful.

We have used True North in our AI program for 5 years to help build our program. His daughters are keepers. True North is emerging as this generation's EXT and a true go-to sire for delivering strong udder quality, outstanding maternal design, and reliable calving ease.

He's a herd builder, and we believe his sons are too.

We used Republic sexed semen to get some daughters in our herd and are sure happy with the few sons we got! Raven Republic is consistently stamping his progeny with extra body, fleshing ability and muscle density in a calving ease, moderate sized package. A cow family that is all things fertility, his dam is the foundation and paternalgrandam to the elite Maternal sire Sitz Logo.

We chose Accomplishment for use on our heifers because of his calving ease and maternal characteristics. He's the whole deal with the eye appeal, calving ease and carcass merit and powerful muscle mass. Lana took a finished Accomplishment son to the North East Montana fair where they placed 2nd in the light weight market class and 4th overall. He missed steer of merit carcass award in one category.

Patriarch has been part of our AI program for 5 years for his proven maternal performance. He was known to be a high accuracy and high satisfaction sire. Patriarch is deceased, so if you're looking for his genetics, this is the time. With a bulletproof maternal pedigree it's no surprise that PATRIARCH has earned a reputation for making highly productive and highly thought of daughters.

After success with other bulls from the Topp Angus program, we chose Nodak largely because of his maternal design. His pedigree is full of successful cow families on both sides. He also offered a desirable genetic outcross for our herd. He adds power and birth weight when we use him on our older cows.

Countdown came to us from our sale partner MY Angus. He is a solid bull with a large out cross lineage to our herd. His calves are born with a moderate birth, spry and gain well through the year. Lana finished a countdown son for a 4H market beef project. He was deep across the back and chest. Ultimately Lana chose an Accomplishment steer to take to the fair due to the bond she had with him. These steers were very similar and we feel the Countdown calf would have done just as well.

0941 was my pick at the inaugural Whistling Winds bull sale. I used him on commercial cows for a couple years and then decided I wanted to see what he would do in the registered cows. He would eat cake out of your hand in the winter but when it was time to go with the ladies he was all business. Unfortunately lost him to injury so this will be the only calf crop offered out of him. Used him on heifers and cows. 6 sons sell.

581 is out of a super cow that simply does her job every year, and this is no different. Superior calving ease with an actual weaning weight of 770 and weaning ratio of 108. We have kept several bulls out of this cow but decided to let this one go. Same grand-dam as the next bull.

This guy is a power house. Based on pedigree he should have been a sleep all night heifer bull as well. No idea if I wrote the weight wrong or if that's what he actually weighed, but without that number I would recommend him for heifers, instead I'll just say a cow bull. Brother this year weighed 79 pounds. Actual WW 785.

Cow bull who's dam is a Payweight daughter. This bull will bring added growth to his offspring.

Suitable for heifers.

Cow bull from a consistent producer. We sold a full brother last year.

Heifer bull. He will add length to his progeny.

Offering

80 COMMERCIAL BLACK ANGUS, NO BRAND, REPLACEMENT HEIFERS & 10 REPLACEMENT WELSH HEIFERS

MY HEIFERS

These heifers are out of the heart of our herd weaning off at 580 pounds last fall, showcasing the genetics of both programs in the sale. The Welsh family is feeding them this year and they are doing a great job. Should weigh right at 800 pounds in Glasgow on sale day. We will have an updated weight and video hopefully by the time the catalog is printed and they will be sorted off for viewing at any time after that at the feedlot. Buyer is responsible for delivery.

DYLAN & MEAGAN WELSH HEIFERS

These heifers are right out of the replacement pen! Meagan got the opportunity to buy half the cows from the legendary 8 bar 7 Ranch in 2021 and has been a strong supporter of MY Angus and North Bench Live-stock bulls since then. She originally kept these as replacements but decided to let some go. These black and black-baldies have been fed the same as the Young heifers and will be FANCY FANCY!! Will have a left rib brand. Buyer is responsible for delivery.

Females will sell immediately after the bulls
