Hello And Welcome To The Sale

Hope to see you sale day. As always thanks are due to many for their work and help. Hould Bull center, Terry Trang with the Glasgow Courier and many others.

Welcome to Doug and Jody Mason, I wish them well.

We are a little later fertility testing the bulls, so the data will either be an insert to the catalog or available sale day.

This year’s bulls are a uniform bunch, I think, and there are good bulls all the way through the offering.

Sharon Anderson is again catering a lunch so come early enough to enjoy lunch. Here is to a good season and good markets.

Greeting from the North Bench

We're located northeast of Opheim, Montana 22 miles, right off the Canadian border and just down the road from Jim and Darlene Fossum.

First off, we’d like to take time and thank Jim and Darlene for all the endless support and advice during this transition. As our first year in the registered business, we were full of questions and of course Jim was more than happy to give us the answers. This set of bulls and heifers are from Jim’s breeding selections in 2017 and we calved in that memorable spring 2018. We fully recognize and appreciate the 30-plus years of experience Jim and Darlene have put into this herd, and we look forward to carrying many of those qualities forward, while incorporating our own.

It’s been a super exciting year for us with the constant winters that challenge your sanity, springs that rarely act appropriately and a summer that mimicked the drought of 2017 here on the bench. The bulls headed to Hould’s in Malta later than anticipated, but Hould’s doesn’t disappoint! These bulls picked right up and we’re more than happy with the progress they made. Big thanks to Bruce and the crew there. Awesome. The heifers stayed home and ate well. If we could have kept them all we would have.

Big thanks to Lee for picking us. He’s been a wealth of knowledge we greatly appreciate. Also thanks to the friends and family always there for us. It really does take an army.

Thanks for taking the time to look this catalog over. We’ll never take for granted your support and faith in what we do. Please don’t hesitate to get ahold of us. We love to talk cattle as much as you do.

Thanks again,
Doug and Jody Mason

This is our top heifer bull in the sale.
Jim sold us an easy calving bunch of
cattle to start with but this Denver
bull from Basin Angus came through
with the best numbers. This bull
grew well in the yard.

This calf’s mother is a young
cow on her second calf and she
has real balanced numbers.
The calf has a good birthweight
and weaning ratio. Less frame
with lots of thickness.

Doug liked this bull calf all
calving season. He was born on one of the
coldest nights of calving season
and it shows but he has solid
temperament and his mom is a
clean, good performing cow.

This bull's mother filtered to us from Lee’s herd and we are glad she did. This bull was a really thick stocky calf and we like the looks of him. He had that bull look to him as soon as he hit the ground.

Another bull with calving ease and good growth. Bulls 812, 813, 814 are all out of heifers and half brothers

Long bodied thick bull out of our Unanimous sire.

Smaller framed heavy muscled Unanimous son. Good temperament
