36th Annual Sale

NORTH COUNTRY BULL SALE

04.25.24

Glasgow, MT Stockyards at 1pm (MST)

AN OFFERING OF BULLS PACKED WITH MATERNAL TRAITS & BACKED BY PERFORMANCE

THURSDAY, APRIL 25, 2024 • 1PM • GLASGOW, MT STOCKYARDS

Greetings from the Mason Family & Young Family!

No year is ever the same...Thank you for taking time to look through the catalog. Our family is pushing 108 years on the same homestead here in NE Montana, and nothing is getting closer in time or distance, only further away. We understand time is precious, multi-tasking is a necessity, and decisions must be executed with precision.

Keeping one thing the same, our philosophy: we're striving to build a solid, functional cow herd that will endure all the ridiculous conditions Mother Nature throws at us in our part of the world. We've been working on this already established registered herd for six breeding seasons, and we're really starting to reap the benefits of our AI program.

You are correct in assuming our calves were not exempt from the forever winter/spring, drought, and flies that we all experienced last year. All those factors, along with the fact that 75% of our calf crop was heifers, made the number of bulls that met our high standards for our customers less than ideal. Fortunately for us, several circumstances came together to make this a great year to welcome Merle and Devyn Young of MY Angus to the North County bull sale. We have been using bulls from MY Angus for several years in our registered and commercial programs. We believe their program compliments what we offer. Plus, they're family and great people. You can tell Merle has some Fossum blood; I don't think he's ever met a stranger.

This living dream of ours would not be possible without our family, friends, and mentors. We owe a huge thank you to our kids Lana, Sheila, and Orrin. They push us to constantly try something new with our cattle. This year, it was a dirt bike!! Our herd now experiences horses, dogs, ATVs, UTVs, big people and little people on foot, and Sheila on her dirt bike. We hope that helps prepare them to go work for anyone. (Both cattle and kids!)

The bulls can be viewed at Hould's Bull Development Center in Malta until April 22nd . The care and expertise we get from Hould's and the crew is top notch. Thank you to Glasgow Stockyards for making sale week run smoothly. We appreciate the great crew there. Thank you also to the Gaskill family and Horizon Marketing. I'd feel terrible if I didn't acknowledge how grateful we are for their advertising expertise and patience with Doug and I.

Videos are available. The catalog is online. Sale day bidding is available online or by phone. The bulls are ready. Come have lunch with us at noon!! See you there.

Sincerely,

Doug, Jody, Lana, Sheila and Orrin Mason

Doug Mason: 406-853-5130

Find us on  

First, thank you for reading this letter and taking the time to look through our catalog.

Next, I want to thank the Masons for generously allowing us to join the sale. To give a little insight about our program for anyone who doesn't know us, Devyn and I got married in June of 2018 and added to our family in July of 2021 with the addition of our daughter Kinley. Hopefully by the time you are reading this, the 4th member of our family will be here. We are a family operation in the Bear Paw Mountains and run our cattle with the help and support of my parents.

We are primarily a commercial cow calf operation in the Bear Paw Mountains that offers a few select bulls for sale each year. I started out in the registered business in the fall of 2005 when I purchased a heifer as a 4-H project. Slowly over the last 18 years, I have grown my herd, mostly from that 5517 "Rodeo" cow; only purchasing a few other females along the way. I started selling bulls 16 years ago and have offered bulls every year since. The bulls we sell go through a strict cull process in May when they get their spring shots and also in August when we precondition and test the cows. We not only believe in these bulls enough to sell them, but use them on our own cows as well. Over two thirds of the bulls we use on our cows are bulls we have raised.

It is my opinion that we can't get to chasing any one thing too much without sacrificing another. I require cows to be good mothers with excellent utters, disposition and feet, no exception. Longevity is something that I feel is often overlooked. In order for a cow to last a long time, she has to be fertile and do her job year in and year out without sacrificing power and growth for when they hit the feedlot. We don't use creep feed or take weaning weights early so they adjust up. We try to run them as a no nonsense program, with what you see is what you get.

If anyone has any questions about the bulls, our program, or just wants to visit please don't hesitate to give us a call. I hope to visit with everyone on April 25!

Thank you,

Merle, Devyn and Kinley Young

Merle Young: 406-357-8783
Devyn Young: 406-344-3535

ANGUS

36th Annual Sale
NORTH COUNTRY BULL SALE
04.25.24

Glasgow, MT Stockyards at 1pm (MST)
Lunch served at 12pm

AN OFFERING OF BULLS PACKED WITH MATERNAL TRAITS & BACKED BY PERFORMANCE

Terms & Conditions

All cattle sell under the suggested terms and conditions of the American Angus Association. If you are not able to view the bulls before sale day, we will provide a site unseen guarantee. Call for more details. Announcements made the day of the sale take precedence over all the printed information.

Liability

All persons attending the sale do so at their own risk, legal, or otherwise for their own safety or the behavior of the animals. The owner's assume no liability for property loss or any accidents that may occur.

Health

All cattle and calves in the North Bench Livestock and MY Angus herds are administered complete vaccine programs since birth under the guidance of local, licensed veterinarians.

Fertility & Ultrasound

Fertility testing completed by Brock Aiton, DVM of Aiton Veterinary Service PLLC. Scrotal measurements are available for MY Angus and will be available for North Bench Livestock closer to sale day. Carcass ultrasound data was collected mid March by Sonja Gregory of Bar D Livestock Services.

Delivery

Free delivery of bulls in a 500 mile radius. \$100 off if you haul your own on sale day.

Ring Men

Ed Hinton
Myron Malnaa
Jake Newton

Sale Day Contacts

Collin Gibbs, Auctioneer: 406-939-0645
Doug Mason: 406-853-5130
Jody Mason: 406-581-9297
Merle Young: 406-357-8783
Glasgow Stockyards: 406-228-9306

Bidding

If you are unable to attend the sale and would like to place a bid, please contact the Glasgow Stockyards, one of the ring men, or the sale day contacts. We would be happy to place your bid for you as we have done in the past. This sale will also be available on cattleusa.com. You will be able to place your bids online or by telephone. Please sign up at cattleusa.com to view and/or bid.

Thank You

- Hould Bull Development Center for their professional care and attention to growing and finishing these bulls.
- Horizon Marketing Agency for a fantastic working relationship to ensure our consumer is fully informed on what the North Country Bull Sale has to offer.
- Glasgow Stockyard Inc. for helping make sure our sale day is safe and successful.
- Independence Bank for helping sponsor the delicious lunch.

**North Bench Livestock of Richland, MT and MY Angus of Lloyd, MT jointly invite
you to the North Country Bull Sale. Join our families on sale day!**

A proven, reliable herd bull we have used for the last 6 years. We were going to give him a break this year, but ended up needing him in a pinch. He stepped up, as he always does. This bull loves his job. There is no question, his calving ease legit, his females are solid and the steer calves can finish. 3 sons sell.

We used Payweight on a few of our larger framed older cows. We are aware not everyone likes the same cow we do. These bulls will offer more frame. They are not lacking in performance, muscle and fleshing ability. There is strong demand for Payweight sired calves in the market. Pay attention because he has been retired. Opportunities will be less and less to acquire his genetics. 2 sons sell.

Combining tremendous base width and muscle with exceptional substance, rib shape and length of body. His progeny are tearing it up with big-time performance and outstanding demand in sales across the country. Dam is a 10 plus year old Pathfinder® with a great udder and a nursing ratio of 112. His unique data and imposing phenotype make for as stout of a power bull package as we know how to make. 3 sons sell.

We were unsure about keeping this bull only because his dam had a rough go of it this summer. She cut her leg up bad, so she didn't travel well. We kept them in close to the house with a few other late pairs that missed the big move. He was a bit behind at weaning but has impressed us with his consistent gain on feed with the rest of the group. We're excited to see what he can do. He offers some of our better carcass traits. First calf out of Man In Black. Meets Certified Angus Beef carcass requirements.
